Fastkil Pest Control Services Pte Limited operates on flexible hours to satisfy our clients' demands together with follow up and back up services. We provide expertise technical and backup service across the nation with a dedicated team of highly qualified supervisors and business managers.

Fastkil Pest Control Services Pte Limited uses highest caliber food grade chemicals for pest management and all hygiene chemicals are environmentally friendly. All chemicals are registered under Ministry of Labor and Registrar of Pesticides. All pesticides have natural origins – the most commonly used are pyrethroids (extracted from certain types of flowers). We use the man-made versions of these pesticides in majority of our treatments. Most of these formulations have no color or odor.

## SERVICE WARRANTY

Depending on the service, Fastkil Pest Control Services Pte Limited offers a service warranty.

At Fastkil Pest Control we take pride in our service and ability to solve your problems.

Our technicians are well trained to assist you in solving your pest problems. Our focus is to provide best pest management options that is effective and ensure the safety of you, your property and the environment.

Not all our pest control method involve pesticides and sprays. Depending on the pest and the circumstances in which it occurs, we use alternative methods that include physical modification of the environment and setting traps to achieve results. However, when we do use pesticides, we select formulations and baits with the lowest toxicity available and focus our treatment on target areas and keep these formulations away from you, your employees and our clients.

Should there be situations of allergies or sensitivities to chemicals, we tailor solutions that minimize the impact on you.

Depending on your business you may have the need to comply with other certification systems or would like to have some management reporting and system improvement features included in your pest management program.

It might be that you don't have any formal need for certification, but would like some management reporting and performance reporting system to put in place so that you can monitor pest management program. We can help you out. All our systems are flexible and scalable to suit the needs of any size of business.

# COMPLIANCE

Compliance standards affects many industries today, especially in manufacturing, petrochemical, facility management and handling.

There is a growing need to seek pest control organizations that have systems in place that satisfy the requirements of:

- ❖ Quality Assurance Systems
- ❖ Occupational Health & safety Systems
- ❖ Food Safety Systems such as HACCP
- ❖ Export Requirements of AQIS

As Fiji's locally owned pest Control Company, we have proven systems in place to satisfy all the requirements that you and your auditors would find very useful. We have been helping Fiji Businesses out with compliance for decades.

**RE: FASTKIL PEST CONTROL SERVICES**

This is to advise that the above fumigation and pest control company has been contracted by Uprising Beach Resort for just over 4 years now. We have used their services continuously during this period and have always been happy with their service.

Fastkil has always listened to our concerns, provide expert service, on time as promised, and meant the issue of pests as always been contained, and under control.

We would recommend their service to anyone looking for routine pest control within their operations.

Yours sincerely
